Pony-Life: Hero Beggining

In the future Equestria was dark and scarry. One day Zebras came and noone knew why. Zebras were pony things that werent ponies with ugly faces and sometimes glowing eyes and slaved ponies in the city and made them angry and sad. LittlePip Sparkle who was living in the city and with her mom said "mom why are Zebras here" and she said "LittlePip Sparkle Zebras are from science and outter space and hate ponies."

LittlePip Sparkle realy hated Zebbras because they beat up every pony and LittlePip Sparkle hated it. "mom why are they beating up that filly!" LittlePip Sparkle said to her mom. "Because she is pone LittlePip Sparkle, and they are evil Zebras" LittlePip Sparkles mom said back.

"Hey you Zebras stop beating her up you evil guys!" LittlePip Sparkle yelled loud at them. "Shut up foal or you will pay!" the Zebras said and aimed there lazer guns at LittlePip SSparklz head. "Zebras dont aim your lazars!" yelled mom then the Zebras shot her and laughed "Ha ha stupid pone girl with no head" they said with smiles.

LittlePip Sparkle grabed her moms hoof and said "mom you were beautiful soul and Zebras will pay." "LittlePip Sparkle no get out of here fast as you can..." LittlePip Sparkles mom said and died. Then LittlePip Sparkle grabed a wepon and shot the Zebras in the heart and said "this is not over."

The ponys around LittlePip Sparkle cheerd and smiled and said "good job LittlePip Sparkle we hate those Zebras!" Zebras made poneys fraid

and when LittlePip Sparkle killed them it gave them hop.

"Zebras we are not scarred no more!" said LittlePip Sparkle and every pony around LittlePip Sparkle said "YEAH!" and grabed lazer guns and rocks. LittlePip Sparkle and the ponis walked fast like waves and went towards to the Zebra tower that was big like the sky.

"Where do you pone think you are going?" a big Zebra army with lots of dragons said.

"To send you back to science and outter space!" LittlePip Sparkle yelled with mad "ATTACK THE ZEBRAS!" LittlePip Sparkle yelled again.

The war was going and blowing things up when LittlePip Sparkle saw a Pipbuck on the ground. "Zebras it is time to do what has to be done and live up to my family name" LittlePip Sparkle wispered with head down.

The Zebras were shoting poneys and steping on them with dargins and po9neys were shooting lazer guns back and killing them sometimes. Explosions like 10 times of the sun went around LittlePip Sparkle but LittlePip Sparkle didnt care.

"Pone kind is losing and I need to help" LittlePip Sparkle said. Then a big megaspell came down and blew a pones arm off and legs and head and killed other poneys too.

LittlePip Sparkle saw the dead going on all around. The Zebra were to strong and big but LittlePip Sparkle didnt care neither. LittlePip Sparkle put the Pipbuck on and started to throw dragons and at buildings. The bildings fell and made dust and smoke and blinded Zebras so LittlePip Sparkle culd use the Pipbuck to throw them into the sky realy high and make them squish.

The ponies were wining but then glowing things went in the sky and Zebras came out. "LittlePip Sparkle we have to go out of here!" a pony said to LittlePip Sparkle. "No they are all every where!" another pony said.

"You are surounded prepair to die" the dark pony said.

LittlePip Sparkle lookd around. Zebras with lazer guns were there. LittlePip Sparkle knew if pones lost now it would be sad for ever.

"FIGHT" LittlePip Sparkle yelled.

Ponies runned toward the Zebras to kill them and the Zebras were going to shoot all the ponies in a second when a brite light came in teh sky. A shiny thing like the Zebras came from opend in the sky and a pony came out.

"Zebras leave my daguhter alone" John Sparkle said.
